Saws

No. 1012 Hack Saw

No. 1201 Hack Saw

No. 1200 Hack Saw

No. 1205 PVC/ABS Saw

No. 1012 Hack Saw

Features a die-cast aluminum front-end and handle. Backbone of frame is steel tubing. Fast, easy adjustment for 10" and 12" blade lengths. Frame holds six extra blades.

No. 1200 Hack Saw

Has a steel and aluminum frame, which is only 16" long, yet holds a 12" blade. Compact design provides fast, long blade cutting, even in close quarters. Lever action gives greater blade tension for straighter cuts and longer blade life. Six extra blades can be stored in backbone of frame.

No. 1201 Hack Saw

12" high tension hacksaw.

No. 1205 PVC/ABS Saw

Designed for cutting plastic pipe, plywood, and veneers. Has an aluminum handle and 18" blade with replacements available in either 12" or 18".
