

RIDGID® - RV2400A

14 Gallon - 2-Stage Industrial Wet/Dry Vac

This RIDGID® 14 gallon 2-Stage Industrial Wet/Dry Vac (RV2400A) is designed to deliver the powerful high-lift suction, large capacity, rugged construction, and excellent mobility for Pro, Contractor, Industrial & Commercial use. Dual blowers are driven by the 11.5 amp motor to deliver the heavy-duty, high-lift suction needed to efficiently handle the toughest wet or dry worksite clean-up tasks. Moving up & down steps or across rough terrain is a snap with the large diameter rear wheels. Add a 3-layer fine dust filter, top handle with a cord wrap, heavy duty 2-piece drum construction, an accessory storage bag, quick release handle plus patented Scroll Noise Reduction® technology for quiet operation and you've got the perfect wet/dry vac designed to exceed professional and industrial user's demands.

FEATURES	BENEFITS
• 11.5 Amp Motor	Drives two blowers to optimize suction and deliver industry leading performance.
• 2-Stage Motor /Blower Design	Creates powerful "high-lift" suction and more efficient air flow. Result – more suction power and quieter operation.
• Sturdy Cart, Push Handle & Large Rear Wheels	These features act together to allow the vac to travel easily up/down stairs and over rough terrain. Press two buttons to quickly remove handle & accessory storage bag.
• Accessory Storage Bag	Keeps accessories organized and close by for easy access.
• 2-Piece Drum Construction	Rugged construction to meet the higher demands found at worksites.
• 14 Gallon Drum	Allows clean-up of large spills & messes at work-sites and busy shops.
• Sound Reduction Technology	Scroll Noise Reduction® is a patented feature that provides quiet operation by precisely controlling the flow of air through the vac.
• Professional Locking Hose	The hose won't pull loose during use, and is 4x more durable than our standard hose.
• Blowing capacity	Use to blow leaves from walkways or decks, and debris from job sites, tools, etc
• Large built-in drain	Drain located to lowest point of drum for emptying of water.
• Accessories Included	2 Extension Wands, 2-1/2" x 10' 4x Pro Locking Hose, Utility Nozzle, Wet Nozzle, Foor Brush, Crevice Tool, Noise Muffler/Diffuser, and Fine Dust Filter.

SPECIFICATIONS	
Drum Size	14 gal.
Motor	
- Water Draw	80"
- Voltage	120
- Amps	11.5
Cord Length	25'
Construction	High Impact Polypropylene
U.L. Listed	Yes
Filter Surface Area	1,600 sq. in.
Replacement Filters	VF4000
	VF5000
	VF6000
Accessory Size	2-1/2"
Shipping Weight	37.7 lbs.
Net Weight	36.5 lbs.

2-STAGE BENEFITS
• More powerful high-lift suction than our single blower vacs.
• Longer motor life- Over 700 hours on average
• Quieter operation.
• Applications Include:
• Industrial Work-sites
- Manufacturing Plants
- Warehouses, Etc
• Commercial Cleaning
- Office buildings
- Malls
- Schools
- Hotels
• Construction Sites
• Significant Water Pick-up
• Deep Cleaning Carpet
