

RIDGID® - WD4522

PRO PACK Wet/Dry Vac

The RIDGID® Pro Pack™ wet/dry vac (WD4522 - \$100) is designed to provide power, portability, and organized storage. Its shape and size approximate that of a tool box which is great for storing and transporting the vac to and from the job site. The accessory nozzles, 20-foot power cord and collapsible 7-foot Tug-A-Long hose are contained inside the vac beneath hinged compartment covers. Specially designed clips provide storage on the back of the unit for the two included extension wands. Completing the package are a 5.0 peak horsepower motor, 3-layer fine dust filter and patented Scroll Noise Reduction® technology.

FEATURES	BENEFITS
<ul style="list-style-type: none"> • 5.0 Peak HP Motor • Weighs only 15.5 Pounds • Large Pivoting Handle • Self-Contained Storage 	<p>Provides powerful performance comparable to larger size wet/dry vacs.</p> <p>Easy portability to and from job sites.</p> <p>Cushioned handle folds flat into top of vac. Allows the vac to be easily stacked, stored and carried.</p> <p>The hose, 20' power cord and accessories neatly store inside vac so transporting the vac to and from job sites is hassle free.</p>
<ul style="list-style-type: none"> • Wand Storage Brackets • Sound Reduction Technology 	<p>Keeps wands conveniently accessible.</p> <p>Scroll Noise Reduction® is a patented feature that provides quiet operation by precisely controlling the flow of air through the vac.</p>
<ul style="list-style-type: none"> • 3-Layer Fine Dust Filter • Tug-A-Long® Locking Hose • Long 20' Power Cord • 130 MPH Blowing Capability • Included Accessories 	<p>Captures fine dust particles such as dry wall dust.</p> <p>Locks the expandable 2' to 7' hose to the vac so it won't pull loose during use.</p> <p>Allows cleaning over a wide area.
