

4P-6 4PIN™ DIELESS CRIMP HEAD

The 4P-6 4PIN Dieless Crimp Head, compatible with the exclusive RIDGID® QuickChange System™, delivers unparalleled efficiency to contractors and electricians.

BENEFITS

- Crimps up to 750 kcmil (MCM) cable
- Slim, ergonomic latching system allows tool to access tighter spaces
- 360° head rotation increases maneuverability
- Easy to use; no dies required
- Combine with other heads in the RIDGID QuickChange System to maximize efficiency and productivity on the job site

SPECIFICATIONS

- Crimps #8AWG to 750 kcmil (MCM) copper lugs and 500 kcmil (MCM) aluminum cable or fine stranded wire
- Interchangeable head is compatible with 6-ton RIDGID Electrical Tools featuring the RIDGID QuickChange System
- Approximate Crimp Time: 5 seconds
- Weight: 5.8 lbs. (2.6 kgs)
- Includes 4P-6 4PIN Dieless Crimp Head and instruction sheet; available as standalone head or in a RE 6 Tool Kit.

Featuring the RIDGID QuickChange System

47178	PH-60B Spacers, Draw Bolts and Drill Bit Accessory Kit
49423	PH-60B Large Capacity Adapter

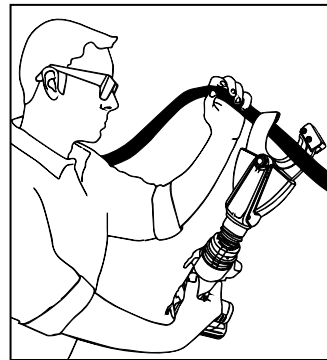

How the RIDGID® QuickChange System™ Works

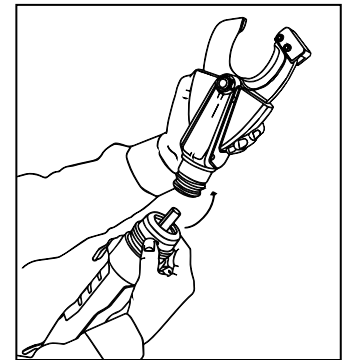

1. Select the appropriate interchangeable head for the job.

2. Pull back the collar and insert the head until you hear a click confirming the connection.

3. Complete the job—cut, crimp or punch.

4. Remove the head by pulling the movable collar toward the base of the tool.
